

Your Credit Rating

UI APPRECIATES CUSTOMERS WHO PAY THEIR ELECTRIC BILLS ON TIME. Prompt payments help keep our costs down. That's why we supply payment information to national credit reporting agencies on all residential UI accounts.

If you are unable to pay your bill in full, please call us to set up a payment plan. Customers who bring their bills up-to-date will have this information recorded with the credit bureau. This will enable you to build a positive credit rating.
