

EVERSOURCE

Non-Residential Renewable Energy Solutions Program School Solar Price Adder Explanation and Description Form

This form is mandatory if claiming any of the price adders allowed under the School Solar RFP and must be submitted in the appropriate location within the online Bid portal. Failure to comply with the aforementioned instructions will result in your Bid not receiving the price adder in the resulting agreement, if applicable.

Any capitalized terms used but not defined herein shall have the meaning set forth in the RFP, Program Manual, and/or the Terms and Conditions.

Please provide detailed answers to the following questions:

1. Please explain how your Project qualifies for any of the following Bid Preferences, if applicable:
 - a. Sited on a Brownfield. If claiming this Price Adder, you must also include a site map indicating the site address, and site description. The Project must meet the definition of Brownfield as defined in Connecticut General Statute § 32-760. You may also include a copy of DEEP's non-exhaustive list of Brownfields that meet the Connecticut Statutory definition with your site circled or highlighted.¹

- i. Attach a site map indicating the site address and site description.

- b. Non-SAM Projects located in a Distressed Municipality, or SAM Projects with 100% of the State and/or Agricultural Beneficial Accounts located in Distressed

¹ Note: The EDCs will consult with DEEP to determine if the project meets the appropriate qualifying criteria for the brownfield price adder. All information transmitted to DEEP in furtherance of this determination, including the response to this question along with the attached site map and any other attachments pertaining to the applicability of this price adder, may be subject to disclosure under the Connecticut Freedom of Information Act (FOIA). By submitting confidential information to the EDCs in order to qualify for the brownfield price adder, the Bidder acknowledges that the FOIA governs the public's accessibility to that information. If such confidential information is responsive to a FOIA request, the bidder will have the opportunity to redact information that is exempt from disclosure under FOIA prior to production by DEEP.

Municipalities, or SAM Projects with 100% of the Municipal Beneficial Accounts located in Distressed Municipalities and owned by a Distressed Municipality or Beneficial Accounts owned by a Distressed Municipality which is also paying for the Beneficial Accounts' electric service, as determined by the EDC, may be eligible for the Distressed Municipality bid preference. Any Bid seeking the Distressed Municipality price adder is required to submit the most recent copy of the Distressed Municipality list provided by the Connecticut Department of Economic and Community Development (DECD) with the town your project will be located in circled or highlighted. If the Bid is for a SAM project sized to the load of Beneficial Accounts located in, or owned and paid for by a Distressed Municipality, you must circle or highlight each applicable town on the list.

- c. Solar Canopy/Solar Carport Projects must provide a detailed explanation of the Project configuration and documentation supporting this claim.
