

# United Illuminating Year 3 NRES Small Zero Emission Bid Queue

Version Date: May 22, 2024

'Bid Evaluation' means an application was submitted and is undergoing eligibility review or has passed eligibility review but an agreement has not been offered or executed. 'Bid Withdrawn' means an application was submitted but a Bidder withdrew the Bid from the Program prior to an agreement being offered or executed.

United Illuminating originally received Small Zero Bids totaling 8.59510 MW during the Two-Week Window, but have since revised this number to 8.58220 MW during the Two-Week Window due to the fact that one NRES Bid corrected their submitted as-Bid Project Size to be 12.1 kW smaller than their original as-Bid Project size. 8.58220 MW does fulfill the entire 3.79180<sup>1</sup> MW available for the Year 3 February RFP allocation. Therefore, in accordance with the Year 3 NRES Program Manual, sections 4.2.5.2.1 and 4.2.5.2.2., "At the conclusion of the Two-Week Window, the first come, first served process will apply. If, during the Two-Week Window, an EDC receives bids for which the total capacity value exceeds available allocation capacity, the following process will apply: The EDC will rank all bids received during the Two-Week Window using a random selection process; Bids will be selected based on the randomly determined rank until the capacity allocation limit is exhausted;"

<b>Total As-Bid Capacity (MW AC)</b>	8.58220
<b>Total Capacity Available to Allocate (MW AC)</b>	3.79180
<b>Total Capacity Allocated (MW AC)</b>	0
<b>Total Capacity Remaining (MW AC)</b>	0

Queue Position	Selection Round	Bid ID	Effective Date of Agreement (if applicable)	Current Bid/Agreement Status	Project Size	Date Bid was Received	As-Bid System Size (kW AC)	As-Bid System Size (MW AC)
