

THE UNITED ILLUMINATING COMPANY

Self-Generator Rate SG2

Applies throughout the Company's Service Area.

Availability:

Service under this rate is available to any Customer Distributed Generating Facility interconnected to the Company's facilities for the purpose of selling to the Company.

Basic Service Charge Per Month:

\$11.37 plus 4.5% of the initial invoice cost of the metering equipment installed to measure purchases of electricity by the Company for the Customer.

Purchase Of Customer Distributed Generation:

Rate SG2 shall be 95% of the monthly average of the NEPOOL market clearing prices for energy for bills rendered during the second following month.

The Company will determine the energy payment as the sum of delivered energy for each hour in the billing period times the NEPOOL market clearing price for energy for such hour. The hourly market clearing price for energy will be subject to revision per the ISO-NE audit procedures and retroactive billing adjustments may occur.

There shall be no capacity payment. The voltage level at which purchases are made shall be the level at which sales are made by the Company to the Customer Facility, unless otherwise agreed by the Company.

Term of Contract:

One Year.

Terms and Conditions:

The "Terms and Conditions Applicable to Interconnected Customer Facilities" and other Company Terms and Conditions, where not inconsistent with any provisions hereof, are part of this rate.
