LEARN ABOUT

Assistance Programs

- **Winter Protection Program** - Available to all residential customers who qualify. If you are eligible, we will not turn off your electricity between November 1 and May 1.
- **Low-Income Discount Rate (LIDR)** (UI Only) - An electric bill discount is available to you if you have a financial hardship status on your electric account. Based on your household income or receipt of a public assistance benefit, you may be eligible for a 10% or 50% discount off your electric bill per month. For example, if you have a \$100 monthly bill, it would be \$10 less if you receive a 10% discount or \$50 less if you receive the 50% discount.
- **Matching Payment Program (MPP)** – Residential customers can lower the amount you owe on energy bills. For every dollar you pay and every dollar you receive from the Connecticut Energy Assistance Program or other energy assistance programs, we will subtract a dollar from the amount you owe.
- **Flexible Payment Arrangements** – Available to all residential customers, regardless of financial status. You can pay your past-due balance over a period of up to 18 months. Current payment arrangements may be renegotiated due to a change in financial circumstances per Conn. Agencies Regs. § 16-3-100(b)(3)(A).
