Re: Docket No. 11-12-06 - Joint Petition of The Connecticut Light and Power Company and The United Illuminating Company for Approval of the Solicitation Plan for the Low and Zero Emissions Renewable Energy Credit Program

Dear Ms. Sheehan:

The Public Utilities Regulatory Authority (Authority) acknowledges receipt of The United Illuminating Company's (UI or Company) proposed Year 7 Small Zero Emissions Renewable Energy Credit (ZREC) Tariff price, made pursuant to the requirements of Order No. 4 in the above-referenced docket, as well as the Authority's February 8, 2019 approval of Motion No. 3 in Docket No. 18-08-10, Petition of Solar Connecticut, Inc. for a Declaratory Ruling Relating to Net Metering and ZREC/LREC Contracts. The Small ZREC tariff price is \$98.18, which is slightly lower than the previous year's Small ZREC tariff price of \$99.37. Order No. 4 requires the Company to file with the Authority for approval, no later than one week after the bids for procuring medium ZRECs have been approved, a new Small ZREC tariff with the proposed price for the specific solicitation year and the respective price calculation.

The Authority reviewed the Company's filing and approves the proposed Year 7 Small ZREC tariff price. The Authority finds that UI has complied with the requirements of Order No. 4.

Sincerely,

PUBLIC UTILITIES REGULATORY AUTHORITY
