<b>Total</b>					<b>\$ 17,675,571.27</b>

**Bidder and Bid Identification**

**Scenario A - Bidder "G"**

Bidder G - UI\_SS\_Bidder\_workbook\_RFP012021\_Linked\_2

Please select accordingly from the Drop Down List in the next cell **Yes this bid is Linked**

If "Yes this bid is linked" is chosen from the Drop Down List in the box above, the Tranches in this workbook must be purchased as a package. Linked Bids must be submitted in a separate, stand-alone Workbook that only contains pricing for Tranches that are part of the Linked package (i.e. do not combine Linked and Unlinked pricing in the same Workbook). Linkage may not cross over between Standard Service and Last Resort Service Bids. If the cell above does not say "Yes this bid is linked," UI can purchase any individual Tranche in this Workbook.

egative Contingent Bid. If the linked bid offerings for Tranches 1 & 5 from this workbook are accepted, alternative bids for Tranches 1 & 5 submitted in 'Bidder G - UI\_SS\_Bidder\_workbook\_RFP012021\_1' (unlinked workbook) will be withdrawn. Zero values in this workbook represent no bid. Below are the possible outcomes:- If no linked bid is accepted, any of the bids in unlinked workbook for Tranches 1,2,3,5,6, or 7 can individually be accepted.- If the linked bid is accepted for Tranches 1 & 5, only unlinked bids for Tranches 2,3,6, or 7 from the unlinked workbook can individually be accepted.

**Additional Instructions:**

- DO NOT USE SAMPLE BIDDER WORKBOOK FROM RFP DOCUMENTS TO SUBMIT BIDS. Use Official Bidder Workbook with your unique alpha-numeric identifier provided by UI. Price quotes provided in any other format will not be accepted.
- Modify yellow cells only. Make no changes in other cells.
- Do not enter pricing on this page. Pricing on this page populates automatically. Enter pricing in tabs for each Tranche in this Workbook. Workbook rounds prices to nearest \$0.01/MWh.
- For any Tranche quoted, make sure prices are **populated** for every month, each customer class and for both peak and off peak periods. However, prices do not have to vary on this basis (i.e. suppliers are not obligated to differentiate pricing between customer classes, month or time of use).
- Submit multiple notebooks as desired, but any Tranche contained in a workbook will be viewed as a "stand-alone," independent Bid unless "Bid Linkage" or "Negative Contingency" is specified.
- Quantities in "Bidding\_Load" worksheet are the product of hourly total UI load (including customers taking generation service from entities other than UI) for 12/1/2019 - 11/30/2020, times the November 2020 migration percentages (percentage of customers in each Customer Class taking generation service from UI).
- Quantities provided in Bidding\_Load worksheet in this file represent total UI Standard Service load. Quantities show for each Tranche are 10% of these quantities.
- Suppliers are responsible for serving the awarded portion of actual Standard Service load, irrespective of the quantities in this table. Quantities in workbook are for bid evaluation purposes only and are not relevant to contractual service obligations. Actual load will differ from these quantities.
