| Additional Instructions: |
|---|
| 1. DO NOT USE SAMPLE BIDDER WORKBOOK FROM RFP DOCUMENTS TO SUBMIT BIDS. Use Official Bidder Workbook with your unique alpha-numeric identifier provided by UI. Price quotes provided in any other format will not be accepted. |
| 2. Modify yellow cells only. Make no changes in other cells. |
| 3. Do not enter pricing on this page. Pricing on this page populates automatically. Enter pricing in tabs for each Tranche in this Workbook. Workbook rounds prices to nearest \$.01/MWh. |
| 4. For any Tranche quoted, make sure prices are populated for every month, each customer class and for both peak and off peak periods. However, prices do not have to vary on this basis (i.e. suppliers are not obligated to differentiate pricing between customer classes, month or time of use). |
| 5. Quantities in "Bidding_ Load" worksheet are the product of hourly total UI load (including customers taking generation service from entities other than UI) for 07/01/2023 - 06/30/2024, times the June 2024 migration percentages (percentage of customers in each Customer Class taking generation service from UI). |
| 6. Quantities provided in Bidding_ Load worksheet in this file represent total UI Standard Service load. Quantities show for each Tranche are 10% of these quantities. |
| 7. Suppliers are responsible for serving the awarded portion of actual Standard Service load, irrespective of the quantities in this table. Quantities in workbook are for bid evaluation purposes only and are not relevant to contractual service obligations. Actual load will differ from these quantities. |
