

Qualified Products and Connected Vehicles Lists

Customers can choose to participate in this program through a qualifying Level 2 Smart Charger **or** by using smart capabilities that are built into the onboard computer of some electric vehicle models. If you're participating through a Level 2 Smart Charger, there is a Rebate available to offset the cost of the device. If you're participating through the vehicle itself, there is an Enrollment Incentive you can receive by enrolling your vehicle in the program.

Level 2 Smart Chargers (Qualified Products)

You can qualify for the Smart Charger Rebate when you purchase and install one of the qualifying models of Level 2 Smart Chargers listed below.

Charger Make	Charger Model	Eligible Tier

Please note: If your vehicle's make and model is not on this list, you can still participate in this program by purchasing and installing a qualifying Level 2 Smart Charger. Conversely, if you purchase and install a qualifying Level 2 Smart Charger, these lists of vehicles do not apply.

Qualifying equipment must match the software and hardware vendors listed above to qualify for the rebate for qualified Smart Chargers. Qualifying vehicles must match the EV manufacturers listed above to qualify for the Enrollment Incentive. The equipment will differ depending on charger models, software, costs and manufacturer details. United Illuminating does not offer preferences or recommendations for any of the approved equipment models or EV models. Program participants are responsible for determining the suitability of these products and services.

United Illuminating makes no claims or warrants about the availability of any electric vehicle or electric vehicle charger on this list. The integrations used to support each electric vehicle or electric vehicle charger on this list are subject to change at any time and without warning. United Illuminating is not accountable for any integration status change that may occur. United Illuminating will make every reasonable effort to maintain integrations with each device listed.
